A riveting, unique sound that will propel your spirit to move into a more intimate dimension in praise and worship. 9 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: I Was Created To Worship You This song exemplifies the call of God upon the life of Psalmist Cloann Moses At a very young age, Cloann was taught to develop her gift of song by her father, the late Willie L. Thompson, I. What she did not know, however, was how this was all apart of Gods perfect plan that in due time He would call forth this powerful gift to blow throughout the earth as His Prophetic Horn. Born into a family of fighters, she learned early to persevere and to overcome every obstacle that life sometimes brings. And so, faced with the tragedy of losing her mother at the age of 10, the enemy made every attempt to destroy and shut down the prophetic voice within. After spending several years addicted to crack cocaine and dealing with the pain of her loss, God stayed the hand of the enemy and began to bring forth the mighty sound He was developing in her. While under this tumultuous attack, Cloann became a member of House of Truth Church in 1988. It was through the practical teaching of The Word and the power of a mighty God that she was set free and completely delivered. Shortly thereafter, she returned to school to complete a life long dream of being a registered Nurse.
