A contemporary soulful folk-fusion with storytelling lyrics, touches of jazz, funk and blues, and images from the southern states and Southern India. 12 MP3 Songs FOLK: like Joni, EASY LISTENING: Soft Rock Details: "Hearsay" is a radiant song collection from one of my favorite singer-songwriters. I think this is Crow Johnson's best work ever, and that's saying a lot. These songs are spiritual and sexy, innocent and wise, simple and sophisticated. The arrangements are perfect, as far as I can discern--every note in service to the remarkable lyrics and the gorgeous voice that delivers them. - (Bob Franke)
