What does this ministry offer? The heartbeat of David DeMarco Ministries is to generate momentum and catapult people into a living, intimate relationship with Christ that leads them to their divine destiny. We exist and function to help build, support, and stir up the vision of the host church, youth church, community, conference, and pastor. We believe that God has set the evangelistic ministry in the church to act as a "sheep dog" to round up and inspire the flock to move in the Good Shepherd's direction. We are not a Lone Ranger-type ministry, but firmly believe in divine appointments and real covenant relationships in order to build ONE kingdom, the Kingdom of God! What are the methods used? Our methods used in ministering God's refreshing gospel are very versatile. David preaches a passionately powerful word connecting with all generations. Our concert-crusades are outreach oriented using music as a platform to preach the gospel. These concerts

focus on bringing the presence and person of God into the atmosphere and into the hearts of the people. This ministry has also ministered at public school assemblies communicating a strong message of character, vision, and identity. David and the band jam for 50 minutes and invite the student body to an evening concert where they are met with a power presentation of the gospel. These have been very fruitful when the community churches unite for the concert-crusades. David also enjoys teaching and imparting to leaders. He has done seminars, workshops, and has even created and launched internship programs for churches and youth ministries across the country. He also conducts praise and worship seminars based upon the pursuit of God's presence. In addition to all of this, David has been the keynote speaker for many conferences and camps. He has sung special music and led praise and worship for many international ministries and major festivals. So, whether functioning as a preacher, teacher, psalmist, artist, and/or evangelist, whatever your need, we are certain we can serve your vision and see God move in your area!
