I think this is one of the best albums people will ever buy just because its real. It's got all around music for everyone, from club tracks to the street life in the south. Three guys who put their heart and soul into the music so it's all real. 13 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hardcore Rap Details: Dirty Boiz Members are Fizikal,JayBug A.K.A "Realiztik" and Kezee-Kee. We all were born in Nashville,Tn and started off just witting flows everyday and if anything went down, we would just speak on it on paper. We have been on local radio stations such as Fisk (88.1) and did some shows here and there. The only thing that we want in life is to be big in the music industry and gain the respect of being rappers. As for me, in my eyes, its all I got. Featuring on this L-P is 6yx 5yve "from Franklin,TN",The Reign, kokane-Corleon,Young Det and other Artists. Being white and from Nashville makes it harder to get to the top, but we will never stop until we're at the point of super stardom!!! Credits: Music Produced By Jahvon "The Reign" Morris For PushPlay-Productions All Lyrics Written and performed by: The Dirty Boiz For Str8-Raw Productions
