

Mp3 Discuss - Aeration Swells

[DOWNLOAD HERE](#)

With a sensibility for early mornings and late nights, Aeration Swells is aptly named, bringing a dark yet colorful, hypnotic hopeful sound that comes and goes in different ways every time the album is played. 13 MP3 Songs ELECTRONIC: Electronica, ELECTRONIC: IDM Details: The follow-up full length release from Discuss has been a long-time overdue. A due explanation is in order. A split between original members put the project on hold at the end of the summer in 2007. The remaining culprit Andrs, in efforts to keep the Discuss project alive, released a 5 track online-only EP, aptly titled: Monologues EP. This EP was a good-bye sort of thing; raw and un-mastered, Andrs put into music what he knew had to be expressed. It wasnt until late October of 2007, that Jim Doutrich started collaborating with Andrs; in order for Aeration Swells to be realized. The combination of exquisite beats and ghostly melodic soundscapes, along with the inspired vocal layers and faint trumpet memories, Discuss re-enforces its sound with this mature approach at a second full length album. People who are interested in Radiohead Boards of Canada m83 should consider this download.
