UnderGround Holy Hip Hop 4 those who have EARS. Pure Gospel Funk 4 your Trunk. 12 MP3 Songs HIP HOP/RAP: Spiritual Rap, LATIN: Latin Rap Details: DJ Redeemed is a Christian rapper from the Phx, AZ area, that uses his talent to promote the Gospel of Jesus Christ! He has been involved in the Christian rap ministry since 1994, but, he had not recorded any (original) material. He recorded a Tape (remember those?) in which everything was sampled in 1994, but did not do much with it, because of the Sampling issues. Redeemed also experienced many of the problems that come with serving God, so there was a period ('bout 3yrs) that he went through, a very depressing, backsliding stage. He even established a record label (D.B.E., which is now 100% dedicated to Jesus!) and recorded a secular CD with old buddies. But God had a plan all along 'cause by the time the CD was completed and ready to be shipped out to the record shops, the group was disbanded, and Redeemed (Mr. E at that time) had no desire to continue. Until God used a Christian Hip hop radio show "The Prayers Club", to bring "the prodigal son back", and he's back! Praising and giving honor to the one and only Almighty God, and sharing the gift that our Heavenly Father gave us in Jesus Christ!
