

Mp3 Omega Tribe - Metal: Heavy Metal

[DOWNLOAD HERE](#)

Loud, Brutal, Raw, quite simply a Musical Ass Beating. 10 MP3 Songs METAL: Heavy Metal, METAL: 90's Metal Details: About this CD: This disc is recorded, produced packaged 100 by music fans who love to make music. There's 10 tracks of loud, brutal energy that's ready to explode in your speakers. This disc is for those people who've had a bad day at work or school, and need to vent some frustration. But be careful, because while it might pump you up, it might very well kick your ass too. Bio: Omega Tribe has been together since November, 1999. In that time they have managed to released 3 recordings. The first, a 3 song demo. The second, this disc you are looking at (the first full length self titled debut). And 3rd, a live CD. The 4th CD is underway adn should be released by Summer, 2004. In April 2001, they were ranked in 8th place on the "All Genres Charts". Then in May, they finished the month in 5th place on the All Genres Charts. But May would be the last month voting was available on farmclub. The TV show was canceled and voting suspended. The end of 2002, Rick Morrell decided to leave the band. After a short period of playing with another guitarist, then with only Jason on guitar, Gene Hughes finally joined the band in the summer of 2003. Now, more than ever, Omega Tribe is like a well oiled machine. They are ready to explode on an unsuspecting world like the coming of the Anti-Christ. Web Site: omegatribe.net
