New Age/Alternative: This is a genre of music that doesn't seem to conform. It's electrifying sounds and complex mixes have your senses reeling and your attention riveted for the next phrase. The transitions are natural and the mixture and combination of 16 MP3 Songs NEW AGE: New Age, WORLD: World Fusion Details: About Me: I live and work in San Jose, California. I am the head I.T. guru in a high tech Silicon Valley company by day, and teach martial arts and self defense, and sometimes cardio kickboxing, in my spare time. British by birth, my musical influences include Vangelis, Enigma and Pink Floyd, but my passion in being able to write music is expressing what is 'inside', in the moment so to speak. In a style similar in ways to Enigma, my music is a mixture of New Age and Alternative music that will keep your senses on edge. This is my first release and I have been told it is well worth adding to your collection. Inside me there are things that I cannot express in real life. I use music to let out those expressions. I soothe my spirit by allowing the turmoil or mood, sadness or happiness to run free through me so that I might understand it, accept it, let it have its life and then put it to rest. With music I can finally express that, I can finally see.
