You've seen him on HBO and as the star of Hanes "Go Tagless", now check out the debut CD from this pure comedic talent. 20 MP3 Songs SPOKEN WORD: Comedy, SPOKEN WORD: With Music Details: BIG Ben Kennedy is one of comedy's fastest rising stars! Whether it's stand-up comedy, songs, appearances on radio and TV shows, from movies to commercials, his goal is clear: He wants to make you laugh. After a family tragedy struck BIG Ben at the young age of 17, he made a promise to himself. His promise was to always be surrounded by laughter and good times, even if he had to make them himself. Somewhere in this process, a young comedian was born. Armed with a clever wit and carefree attitude, BIG Ben's brand of comedy has been described as "original" and "engaging". While many comedians try to "establish a character" or a "hook" that sets their act apart from everyone else, BIG Ben is just about being himself. That, ironically, has become his "hook". In his young career thus far, BIG Ben has been featured in newspapers, television shows, radio stations across the Mid-Atlantic, feature and independent films, local and national commercials, not to mention thousands of venues throughout the East Coast. He has also opened for headliners such as Darrell Hammond, Joe Rogan, Todd Glass, Jim Gaffigan, and Joe Recca to name a few. So what does the future hold for BIG Ben Kennedy? No one's really sure, but you know it'll be BIG!
