A unique original "Acoustic" blend using bluegrass, folk and country influences. 11 MP3 Songs

COUNTRY: Bluegrass, FOLK: Traditional Folk Details: Briscoe and Loose met in Nashville in 2001 and began writing music together. They created a unique sound as they combined their own skills and vision with influences from country, folk and bluegrass artist from the past. Their writing is often metaphorical about life's difficulties and confrontational regarding relationships. Briscoe/Loose records acoustically feature instruments such as the acoustic guitar, dobro, fiddle, mandoline, etc. Their music features harmonies and is lead by Cari Loose's lead vocals... a feel from upbeat bluegrass sounds to acoustic country sounds great for traveling or just relaxing at home. Check out "Cold Pocket" and "Pair of Hearts" currently getting radio play in South Georgia... for a country and bluegrass sample. They have recorded two original CDs together and look forward to writing their third. They enjoy performing as a duo singing traditional bluegrass as much as they enjoy performing with a full group.
