New Cd Just Dropped. Dis Da Shit, you gotta pick it up, its off the hook 14 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: White-Boy Rap Details: One of the webs most popular independent artist's and we ain't lying. Has a talent you wanna listen to. Beats are tight, verse's are tight. This was a learning experience for Diz. All beats were produced in a pool of college alcohol infested dorm rooms. Makes for a great lesson for college students and everybody that wants that state of mind back in there life. We had fun making it. Just wish we would of had a little more proffesional sense on it. But the rawness of this when I look back on the creation. The feel of this album takes me back to the freshmen dorms. Where we stayed drunk and experimented with random women and other mind expanding thangs. You wanna catch the truth just get the album. It did me proud! THIS IS THE OLD ALBUM. THE NEW ALBUM IS AT WWW.CDBABY.COM/DIZ Or get it online from Bestbuy at bestbuy(search Diz) Hey Bestbuy like'd it and I got a distribution deal. The new one has too much tight ass make on it for you not to like it.
