NEO ACOUSTICA GLOBAL series volume two. Combination of world music acoustic guitarism. This album can be called "AM RADIO-HEAD MUSIC". 10 MP3 Songs WORLD: Asian, WORLD: World Fusion  
Details: The originator of this whole NEO ACOUSTICA GLOBALISM movement, Kaz Nouvellehamburg's second CD. All the songs were written in New York and recorded on a Yamaha 4 track tape-recorder in a hotel room in Napoli, Italy in two weeks. He went against the clean (almost too clean) recordings of the current music scene and intentionally recorded this album with the quality of AM radio or a bad record. He calls this album "AM RADIOHEAD album". The first track "GABRIELA" is the top-selling tune in the internet download charts. Also, Japanese-sung "SUKI-SA" (regular in his live show's setlist) is a must listen.
