A power house of imagery and acoustic guitar stylings, this album shows Michael's unique fingering techniques and songwriting. 7 MP3 Songs FOLK: Modern Folk, COUNTRY: Bluegrass Details: About Michael Tague (last name rhymes with vague.) "Who wrote that song?" Michael often gets this question from his audiences. "I did," is his usual response, to their amazement. Michael has been playing guitar and writing songs since he was 16 years old. He is an automotive technician by trade, but has kept a guitar nearby since he started playing. He races bicycles while he's not working on cars or playing guitar. Michael's musical style is a blend of bluegrass, contemporary folk and american fingerstyle. He has spent a decade or two honing his natural ability to what we can hear today. And he is still trying new things and continuing to write and learn. His song writing style has been likened to Bob Dylan, James Taylor, and Jack Johnson, to name a few, but it is hard to place him in anyone else's mold. Michael has been seen in the South Florida area for eight years. He played the South Florida Folk Festival three years ago and he is a member of the Folk Alliance. After being asked several times if he had a CD, he decided to focus on recording for a while. Enlisting his sister Eileen's help, he got a few tracks down. The best tracks from those recording sessions are on this CD. He continues to write and play, and a new recording project is in the plans.
