

Aliens In The Bible

[DOWNLOAD HERE](#)

John W. Milor Product Description: Aliens in the Bible is a book of researched information that places paranormal subjects into three categories: supernatural entities, realms of existence, and phenomenon. Within these three categories, topics ranging from the existence of aliens, ghosts, artificial intelligence, and even big foot to reincarnation, PSI, and astral projection are all found within the ancient writings of the Bible. The purpose of this research is twofold: to show the New Age community a true perspective of paranormal subjects, and to highlight prophesy regarding a vast deception that will soon envelop the earth.
