JAZZ: Jazz Vocals, JAZZ: Latin Jazz Details: Beth Custer is truly a musical visionary for the 21st century.

Her collaborations include being a founding member of the world fusion unit Trance Mission, the jazz

oriented Will Bernard/Beth Custer Ensemble, the trip-hop duo Eighty Mile Beach and the cinematic

pioneers Club Foot Orchestra. She composes regularly for the dance troupe The Joe Goode

Performance Group as well as for numerous film and TV projects. "As the planet shrinks through

electronic communication and appreciation of all cultures, it's no longer accurate to say that Custer's

sensibility is where music is going - it's where it already is. She may claim to lie in broken fields, but she

gathers them all into a gorgeous unified landscape." LA WEEKLY
