

Mp3 Joe Thompson - The Hunting & The Hope

[DOWNLOAD HERE](#)

A genre-bending cocktail that effectively blurs the lines of country, folk, and rock roll while maintaining a focused, touching message. 11 MP3 Songs COUNTRY: Americana, COUNTRY: Alt-Country Details: Joe Thompsons forthcoming LP, The Hunting and the Hope, is like summer in a small town: a smooth, refreshing cocktail of country, folk, and rock and roll. But theres also a hint of New York City attitude in these 11 songs that come straight from the gut of an exciting new singer-songwriter. Using the concrete canyons of New York City and the blue-collar values of his native Western Pennsylvania as a backdrop, Joe Thompson combines a passionate, lyrical urgency with toe-tapping rhythms, wide-open hooks and lilting melodies. With the help of Brooklyn's GaluminumFoil Productions, the songs on The Hunting and the Hope unearth the melancholic details of love, loneliness and yearning, all from the vantage of a well-worn bar stool. Thompson gives us a glimpse into the ghost memories of disappearing yesterdays, where bottles of Rolling Rock are just \$1.25 and times unrelenting march never obscures the hope of nostalgic dreamers.
