Latin, Swing, Funk Jazz 12 MP3 Songs JAZZ: Latin Jazz, JAZZ: Traditional Jazz Combo Details: JoMaLa was created by Alaska Jazz Artists Laura Koenig, Mark Manners, and John Damberg as a vehicle to inspire new levels of artistry through improvisation, composition, and live performance. After years of honing their skills performing with internationally renowned artists in a wide variety of genres, the trio is proud to release their debut CD Azure on Cravin' Records. Azure showcases fresh, new compositions in the jazz, Latin, and funk styles by Mark Manners and John Damberg, two of Alaska's noted jazz composers. JoMaLa grew out of the John Damberg Latin Jazz Ensemble, which was founded in 1995 and has been well received by audiences in concerts, clinics and workshops at music festivals, schools, and night clubs throughout Alaska. The name JoMaLa is the first two syllables in John, Mark and Laura's first names. We thought it sounded African, but it is actually the name of a town in Finland.
