Geek-rock for people who laugh. Fun. Catchy. Mullet-free. 12 MP3 Songs POP: Quirky, POP: Beatles-pop Details: Mike Ferry is pleased to release his new original collection, "A Feather". In this new CD, you will be taken on a fun-loving romp through a wide range of topics - from a beach vacation, to why we love our dogs, to that passion deepest in Mike's heart: defending the honor of rural golfers. After the first song you will know why "everybody needs... this... album!" Mike Ferry grew up in Greensboro, North Carolina, where he learned how to play the violin and piano. In high school, he began a six year stint fiddling for Weekend Excursion, a local pop rock band. During his "W.E." years, the band toured throughout the southeastern U.S. and scored several television appearances on "Dawson's Creek" and "The Real World." Mike moved from Greensboro to UNC-Chapel Hill, where he supervised three runs to the Final Four from his seats in the upper level of the Dean Dome. After college, he settled in the city - no, town - no, forest - of Rockville, Virginia, where he lives with his wife, two sons, and two dogs. He spends his days teaching history at Richmond's Collegiate School and some nights performing with alt-country group, the Atkinsons. "A Feather" is the first release of Emerald Heel Music, Mike's record label.
