There's an internal quality that comes out in a that rare texture sound allures us to. They are simple to the ears, but so complex and rich to the spirit. Sometimes that subtle rawness comes out in a shadow or a whispering wind and in either case, the moment is moving. Each of the pieces composed have a spiritually rooted history of elements that are so important to Pavel In this cd, there are pieces dedicated to his loving parents who have passed on. One piece for a young friend who also passed on after a long arduous struggle. Another piece to friends half way across the world who've opened their doors and hearts to him. Pavel tries to bring those great influences of his inner circle of sound to the ears and spirits of people everywhere he can find a piano. The many folks who've listened to the cd say many of the same things...that they are moved, touched, inspired, transformed and even transcended into somewhere they've never been before. Many folks have mentioned that the tunes bring them back to their childhood and the good memories they've been able to recall. Music should be able to reach farther within the truer sense of ourselves and Pavel has made that all the more possible through his cd.
