Even when this artist puts his other-worldly voice to the task of singing a haunting ballad, it comes alive with emotion and heart-splitting power. He is a truly unique fixture on the Chicago music scene. Todd spends entire days and nights at a time in his Chicago recording studio; his work has carried him into the realms of Classical Music, Electronica, Ambient, and most recently, a stunning album of songs called Golden Child. Todd Whatleys music becomes immediately embedded into the consciousness of the listener - he has been described by one critic as a force. It is instantly evident that Todd Whatley lives for his art. His music is a startling amalgam of wit, ecstatic power, and overwhelming emotion. Todd will take you to a place that very few song writers and musicians have access to. He is an artist of rare power and diversity; his is music you will not forget. - Owen Porter
