How I Get More Traffic From This Newly-Tapped (And FREE) Source Than Most Big Spenders Blow-Through In Their Paid Accounts! A lot of folks will try to sell you on getting more followers with Twitter. More followers, they say, equals a bigger list. But does it really? See, I have a different approach. I don't care about the number of followers I have. I care about the targeted traffic I receive from Twitter. Targeted traffic = sales, and I have the stats to prove it. Sure, I could get Britney Spears followers, but will they convert to customers? Put another way: A few hundred followers who are passionate about my niche are light years better than hundreds of thousands who could care less. I could probably get thousands of Britney Spears followers to follow me, but what will that get me? Do you think they're going to want to network with me or visit my blog or buy my products and services? Probably not. This is a case where quality definitely trumps quantity. And where you choose to focus your efforts makes all the difference. Why Twitter? Well, it just happens to be a very effective way of generated pre-qualified free website traffic. If you do it correctly. If you're just looking to gain more followers on Twitter, you'll get that here, but you won't be pleased with the results. I'll wager you'll do a LOT better with the targeted traffic and SALES

that these followers will bring you. But you need to know how to get the right people to follow you. And that's just part of what I want to show you. In fact, here are the videos I've created for you: Video 1: Your Twitter Account And Other Twitter Apps You Should Know About (And why you shouldn't follow another person until you see this video!) Video 2: The First Piece Of The Puzzle Entice Potential Followers & Turn Them Viral Video 3: How & What To Tweet To Get Maximum Followers And Targeted Traffic Video 4: How To Build Targeted Followers FAST - Part 1 Video 5: How To Build Targeted Followers FAST - Part 2 Video 6: Setting Up Your Landing Site For Maximum Leverage Video 7: Twitter Giveaways And Leveraging Their Follower Lists These videos show the EXACT steps I've done in the last 3 weeks to get massive targeted traffic to my blog, and more importantly, sales! HINT: The beginning of the video is basic bio and background image stuff which shouldn't be ignored, mind you but then I show you the true power of leveraging Twitter into viral followers and that's just the FIRST step! Not only that, I've created a special bonus video that gives you a lot more: * Tools that help you create turnkey background images for your profile, including the one I used for my own * Some rather devious ways to get your tweets to stand out from everyone else so they notice YOUR message, and more importantly, ACT on it! * How to ethically hijack the followers of anyone you choose (It's not as bad as it sounds, but it is ultra-effective. They'll even THANK you for it!) No, following the followers has nothing to do with it * Cool new Twitter apps that are appearing all the time like the one that'll automatically send a tweet to your computer or mobile phone whenever your website goes down! Claim Your Set Of Videos Now! Instant Download After Purchase You will receive: * Collection of 7 Professionally Recorded Videos; * Master Resale Right Licence; * Ready to use Sales Letter.
