British Celtic traditional and contemporary with vocals 12 MP3 Songs FOLK: Celtic Folk, FOLK: Gentle

Details: This is Moonrakers' second album. It is more "English" than the first, featuring a wide variety of instruments and vocals. If you enjoy the authentic sound of a village band along with some contemporary songs, this is for you! Moonrakers is an Oxford-based multi-instrumental quartet playing Celtic traditional music and some original tunes and songs in the idiom. We play harp, flute, mandola, fiddle, guitar and whistles and sing in close harmony with male and female voices. The overall sound has a rich texture of melody and counter-melody, described by BBC Oxford as "an exquisite blend of relaxing music". The band's trademark sound is unusual arrangements, ranging from the simple beauty of OCarolan tunes to the more complex instrumental interplay of several dance tunes. Much of the material is drawn from the traditions of the Celtic lands Ireland, Scotland, Wales and England.
