

Mp3 Nitrus - Wonderland Within

[DOWNLOAD HERE](#)

A post-new age, chillout, yet very lively instrumental journey to realms so distant and yet so close. A progressive concept album for anyone who fancies organic electronic soundscapes, world and ethnic elements, smart melodies and keyboard extravaganzas. 21 MP3 Songs in this album (78:52) ! Related styles: NEW AGE: New Age, ELECTRONIC: Chill out People who are interested in Enigma Mike Oldfield Vangelis should consider this download. Details: We'd all like to disappear from time to time. Not to hide under the blanket nor disappear physically in any other way. I mean to let your soul disappear - to another dimension, to the "wonderland within" ourselves, so distant and yet so close. This new album has this as its quest. To let the listeners close their eyes and visit realms a wee bit different from this world - escape from worldly life, worldly habits, worldly environment, worldly fashion, worldly music, worldly world. The album was produced between Summer 2005 and Fall 2007, with so many things happening meanwhile in my everyday and musical life. This concept album, however, was still my debut project I wanted to pursue, and hoped it would once see the light of the day as I conceived it at the very beginning. This was my first lesson in "Music-101", my schooling if you will. There are so many new different projects coming up, with perhaps better playing, more instruments, smarter composition - but they will never be "the first". So please, bear with me, and please join me on my quest for finding what music really means... PS: The release contains bonus tracks that sample what I was doing at the time of the production of "Wonderland Within", but would probably never surface if not right here, right now. I hope you will enjoy listening to them as much as I enjoyed writing them for several very special occasions. *** All music composed, arranged, performed and produced by Vlado "Nitrus" Bizik *** The artist was born in 1989 in Povazska Bystrica, Slovakia (in Central Europe) where he also lives. He studies law (of all things...:)).
