Unforgettable acoustic folk-rock from the former lead Singer/Songwriter of StephenSpeaks. 12 MP3 Songs FOLK: Folk Pop, ROCK: Acoustic Details: TJ McCloud never dreamed he would be spending life on the road as a singer and a songwriter. But after stumbling onto international success with his college band, StephenSpeaks, he knew he had to keep driving ahead. His songs have sold thousands of albums on the internet. Several songs, including Passenger Seat and Out of My League, have become classics on college campuses around the nation, thanks to indie radio and internet downloads. After touring with StephenSpeaks as both singer and songwriter in the US and Asia, TJ graduated from Abilene Christian University with a ministry degree. Shortly after, TJ moved to Nashville, TN. Since then, TJ has begun a much anticipated solo career, driving across the country armed with a guitar and a heart full of songs about life, love and faith. His rootsy folk/pop style and heartfelt lyrics have earned him recognition as an up and coming songwriter and vocalist. He is on the front line of "folk-pop"; being compared to such artists as Bebo Norman, John Mayer, and Dave Barnes. Right now, for TJ, the journey is picking up speed. In the last year, strangely enough, his song "Miles Between Us" (The Airplane Song) was used in the Motion Picture "Decoys" and received television airplay nationwide, as well as distribution at Blockbuster and Walmart. With his solo debut, "Kind of Life"(October, 2004), TJ is again turning heads and ears all over the place. The combination of both faith-inspired lyrics and love songs together on one CD has earned him fans from a number of different genres. With a large repertoire of original songs and entertaining covers, TJ is sure to win over any audience with his disarmingly simple style. Whether performing at colleges, coffee shops, clubs or churches, TJ's songs are sure to entertain, as well as make you think and touch your heart.
