Kunsman specially selected to provide a relaxing, soothing sound for use with meditation or just relaxing. 9 MP3 Songs NEW AGE: Relaxation, EASY LISTENING: Background Music Details: The tracks: (1) Pastorale-a slow, melodic, ringing piece. The rich overtones actually produce a counter melody (2) Recordando Amor (Remembering Love)-my first attempt at writing samba style (3) Across the Delaware-the first of several compositions played in open Eb tuning. A moving, fluid sound is created by playing scales in a style reminiscent of how a banjo is played (4) Woman-a short catchy melody. The guitar is accompanied by-hey, what is that instrument? sure sounds nice (5) Maria! Chica de Mucha supresas (Girl of Many Surprises)-anyone familiar with S. American guitar music will hear the strong influence here. I was studying the music of Catullo when I wrote this one. (6) Meandering-played in open Eb the music rolls along a little unpredictably perhaps (7) Tiny Footprints-my first open C composition, a stirring, heartfelt piece of simple beauty. Written in memory of our stillborn son, John, this one always moves me deeply. (8) Shiloh-Named for the children's book of the same name. Also in open Eb, this is a quickly moving piece that uses counterpoint. (9) When the Cherries are in Bloom-written as a tribute to my good friend Dave Kaskeski who passed on in May 2007. UMGF members attending Nazfest last August planned a memorial service at Nazareth Borough Park and a cherry tree was planted in his honor. People who are interested in Pat Metheny Group Alex de Grassi Peter White should consider this download.
