Experimental POP. Sultry vocals, daring arrangements, catchy hooks without catering to the classic sound of pop. If you were to throw Sade and Zero 7 in a blender it would taste something like Elemay. 11 MP3 Songs in this album (48:26) ! Related styles: POP: with Live-band Production, EASY LISTENING: Mood Music People who are interested in Sade Dido Zero 7 should consider this download. Details: Elemay is a Nordic siren hailing from Helsinki, Finland now residing in happening Hollywood, CA. She might have dug up her roots but this does not show in her music. Beautifully dissonant, Elemay manages to keep it interesting with songs like the beautiful ballad "Kom Alska" which is sung in Swedish making it that much more close to heart! With her debut album singer/songwriter Lisa Ahlstrm caters to those moments of thought and solitude as well as your inner musical innovator. Douglas Showalter laces the album with his ambitious guitar sounds which have rapidly become the local buzz and on Drums we find Bennie Rodgers II who is currently on tour with Superstar Mariah Carey. On Bass, B/G Vocals, Keys and Cello is "one man walking band" Osmo Ikonen, who's solo album "Stories From Within" is gracing Radio Charts all over Finland. With her distinctive style, Lisa lays the final touch to an amazing list of tracks with her grainy yet sultry alto vocals. All have been working tightly under the guidance of Engineer Jim Morgan from Los Angeles (George Clinton, Kool Keith, Warner Bros., Elektra Records...) and the vision of Lisa Ahlstrm herself. Elemay catches your attention and hooks your heart, as it finally seems like this is what you've been searching for all along- truly a beautiful needle amongst the hay, a diamond in the rough if you will.
