CUSTOMER REVIEWS: Telling Tales author: Marla Miller This is truly a gem in my CD collection! I have listened over and over and have loaned it to several friends that have been wowed by her true feelings coming thru the speakers. Awesome to say the least! Will be looking forward to more! Thank you Donna for bringing her to my attention! Telling Tales... author: Beck Sin I adore Janette's previous CDs, therefore I've been so excited, waiting impatiently, for 'Telling Tales...' and it was so worth the wait! I've seen Janette performing her songs in a 'live' capacity, and I think she's really captured something of the energy and atmosphere of her live performance on this CD. There's an intense range of emotive and evocative exploration - one moment 'tongue-in-cheek' humour, then a tender fragility followed by worldly-wisened strength. Whether happy songs or tales of loss and hurt, there is a thread which links them all together - the superior musicianship, magical "songsmithery", and the absolutely heart-wrenchingly beautiful vocals. Thank you, dearest Janette, for sharing your precious gift with us all. Telling Tales author: Pam I saw Janette launch this CD at the Maldon Folk Festival last November and had to buy it. Her beautiful voice catches your heart and carries you away. Add her gift as a musician. Magic. Telling Tales author: Chris Samuel Fab playing, a fab voice, fab tunes, it's, well, fab! Telling Tales author: Marla Miller I can close my eyes and 'see' the music come to life. Will
