Melody-driven pop in the tradition of male singer/songwriter/pianists ala James Blunt, Five For Fighting and Elton John. Passionate vocals and masterful songwriting. 10 MP3 Songs POP: Today's Top 40, POP: Piano Details: Between Head and Heart, Jason Bravos debut CD, is a finely-crafted, often intimate, collection of original songs that range from piano ballads to funkier rock- and Latin-inspired tracks. I feel like music is a common denominator. Were all living life, and go through a lot of the same things. I like when people hear my songs and find that the words I write are things they feel, but maybe havent been able to articulate, says Jason. Jasons voice has been described as a combination of Elton John and Josh Groban. Jasons singing and songwriting has been recognized by music producers and industry players throughout the pop music world. Jason has performed at venues throughout Buffalo, Boston and New York, including the famed Rainbow Room in Rockefeller Plaza. Jason would love to hear from you:
