Catchy melodies and powerful hooks that will leave you singing every song. 9 MP3 Songs POP: Today's Top 40, ROCK: Modern Rock Details: Playing piano from the age of three, Ross Copperman made music before he knew how to speak in coherent sentences. His mother finally gave in to lessons and their house was never quiet again. Ross played in several bands and learned other instruments to find himself musically. While developing as a performer he began songwriting. He started listening to a new CD every week to get new songwriting ideas, a tradition he continues today. Ross has been compared to artist's such as Billy Joel, Gavin Degraw and Elton John. His piano playing abilities are top notch and he has a sense for finding melody. Copperman's songwriting style is based on what is going on in his life at the moment. "I feel like I get the most meaningful lyrics when I create fictitious characters based off of my emotions and life experiences". He dives into creative stories of love, heart-break, loss, becoming successful, and many other emotionally charged themes. Ross Copperman, unlike other musicians, does more than just write pop songs. He also writes rock, pop, country, r&b, hip-hop and jazz; creating an original, eclectic mix every time. Copperman places a lot of emphasis on catchy hooks, a practice that always leaves the crowd singing his songs. People who are interested in should consider this download.
