Details: You just have google rozz rezabeks name to hear the wretched details of his life when he's not playing the guitar..but few have actually heard his music. His sound evolved from the snarling microphone smashing antics of his early days in san francisco fronting the notorious 1977 punk legends NEGATIVE TREND. His pop endeavors in the eighties with seminal new wavers THEATRE OF SHEEP caught the eye of both record companies and psychotic groupie stalkers. Rozz dropped off the grid for several years to resurface in the 90's as a single parent. LoverLegendLiar was meant as both a swansong and an homage to the rock and roll life he was leaving behind. Of course the story doesnt end there.After appearing in countless biographys and his appearance in several movies and television shows, Rozz has penned his own book titled..what else?.."LoverLegendLiar"..Confessions of an obscure rock icon. These song weave a tale of the wild ride of a life that is Rozz Rezabek with compelling imagery and honesty.His resurgence has also brought about new critically acclaimed live shows,a tour, and the release of THEATRE OF SHEEP "OLD FLAMES" in 2007..in 2008 he played in his first acting role in a film called "Welcome to my scene" and a adaptation of the song "VALIUM" will appear on the DANDY WARHOLS new release in May..making the original on LoverLegendLiar instantly collectible..expect to hear a lot more from this artist in the future.
