The oldest tale in the English language reweoven, brandishing a powerful narration with an inspired original score for large orchestra and choir. 26 MP3 Songs CLASSICAL: Film Music, KIDS/FAMILY: Children's Storytelling Show all album songs: Beowulf Songs Details: Beowulf CD Released 11/16/07 The Adventure Comes to Life! Los Angeles, Calif., November 15, 2007- Once again, the oldest tale in the English language is told in the newly released cd "Beowulf". This time in a style familiar to the modern ear, and highly entertaining. The musical tale is based on the book "Beowulf The Warrior", (Bethlehem Books) by the English author, and master wordsmith Ian Serraillier, with music by Sam Sorensen. In this memorable adventure, Beowulf rescues King Hrothgar and the Danes from the ravages of monstrous horrors in a manner of compelling grandeur. The listener becomes acquainted with Beowulf's strength, heroism and noble heart, as Serraillier reweaves the original tale into modern narrative verse, brandishing all the energy and vividness of the original. From over the grey Baltic, the wintry "whale-road", to the dark and dripping caves of the misty moor, Sorensen's powerful narration and inspired original score for orchestra and choir enhance the story every step of the way. Here is a wonderful means to visit a treasure from 1200 years ago, and become enthralled. It is a work of art in itself, and a doorway for young and old to further experiences with the epic. For additional information, contact: samsorensen@cox.net 310-548-0517 Reviews: "Its clear Serrallier has one of the most remarkable versions of the story Beowulf. Complex in nature, yet easy to understand, it engages the listener from start to finish. The audio quality on this recording is remarkable. Sorensens large orchestral score composed of vivid instrumental color and memorable melodies, reminds one at times of Shostakovich or perhaps in places Bartok, or Prokofiev. His narration is world class, similar to that of a Spartan King, as

he tells the ancient tale of a monster, in a way that comes from a place of a noble heart rather than that of sheer horror. It is certainly a fun and masterful work that I'd highly recommend!" Center Stage with Mark Gordon KXLU stageandscreen.com/ "To venture on the story of Beowulf in verse, whether for children or adults, is a deed with its own kind of heroism . . . There must be a hundred ways of failing: Mr. Serrallier has hit on one of the ways to succeed." -Times (London) Literary Supplement Further info: Beowulf CD Released 11/16/07 La aventura llega a la Vida! Los Angeles, California, 15 de noviembre de 2007 - Una vez ms, el ms antiguo cuento en el idioma Ingls en el recin lanzado lbum "Beowulf". Esta vez, en un estilo familiar a los odos modernos, y muy entretenido. El musical cuento se basa en el libro "El guerrero Beowulf" (Beln Libros) Ingls por el autor, y maestro wordsmith Ian Serrallier, con msica de Sam Sorensen. En esta memorable aventura, Beowulf rescates King Hrothgar y los daneses de los estragos de monstruosos horrores. El oyente se da cuenta de la fortaleza de Beowulf, herosmo y noble corazn, como Serrallier reweaves el original, blandiendo toda la energa y el ingenio del original. El CD Sorensen caractersticas de gran alcance de la narracin y de inspiracin original de puntuacin para orquesta y coro. Aqu es un medio maravilloso para visitar un tesoro de 1200 aos atrs. Esta es una obra de arte en s misma, y una puerta para los jvenes y mayores para continuar experiencias con la pica.
