His new CD Just Believe was written through the inspiration of the holy spirit. It is intended to inspire the individual listening to the music and words that there is an all power full and glorious God that loves them and is willing to allow his grace and mercy to decend upon them. This God will never let them down and gave his son as a sacrifice so that any one that believes in Jesus Christ can live forever with him. Living in the era and playing 70's and 80's rock music, especially southern rock and country rock, lead to the sound of this CD. Jack pearson the producer of this CD helped to give the CD a touch of blues and feeling of genuine southern rock. Sugar Creek was Stephens first band in 1980-1983. This band incorporated a country rock and southern rock sound.
