Introducing SMS Cellular cash... We didnt want to admit it at first... we didnt want it to happen to be honest... but now... IT REALLY IS HERE! What is it? The mobile era... Actual human conversations are over as we know it. Dead and buried... I used to get angry about our cell phone bills in the past but guess what? NO ONE TALKS NOW! Everyone expects to get a TEXT MESSAGE! So that extra \$9.95 addon for unlimited text messaging rocks! To me is sounds like regression instead of progression but it is just the way it is... So now is the time to cash in big time! Because while your teen is typing away until their fingertips are smoking and blistered, some people are using it to propel their businesses to new levels. Never before has there been such...
