From the promise of a pretty rainbow - to the beauty of a flower - from smelling the weather - to playin' outside - what a world of endless inspirations and possibilities we and our children live in! We can dream and know that with God all things are possible. We are blessed to be taught by teachers who truly desire the best for us. And we are privileged to live in a country that is free. We at Kids Critters and Country, do not take this freedom for granted. We dedicate this cd to the brave men and women of the armed forces of the United States of America and their families. we thank you for our freedom! Including the hit song "Proud of Our Troops."
