Adrenaline injected retro/modern rock with powerful vocals and strong punch. Think T-Rex meets AC/DC. 11 MP3 Songs ROCK: Hard Rock, ROCK: Modern Rock Details: The 3rd release from Blasternaut arrives just in time to give the music industry a shot of adrenaline. Overload features a very wide variety of songs and sounds delivered by powerful vocals. These Detroiters take off from where Aussie rockers Jet left off. Some early reviews have compared Overload to sounding like the early punk/glam scene - KISS, New York Dolls and T-Rex - while others have likened this LP to the early 80s Van Halen-AC/DC vibe. The bottom line... this album packs a strong punch with its live feel and will not disappoint! Turn it up!!!
