

## Mp3 Broose - London Static

[DOWNLOAD HERE](#)

Catchy pop with a melodic style and a unique voice. 5 MP3 Songs POP: Today's Top 40, ROCK: Emo  
Details: Mega-talented, stunningly handsome, Broose Dickinson drop kicks and rolls the Texas singer/songwriter stereotype. Dickinson, a trained artist, approaches song writing with the same neurotic fastidiousness as when he paints a canvas. Like the blood-thirsty carnivore that he still is, Broose took down the Deep Ellum music scene in the '90's as frontman for Dallas band, pop poppins, where he had regional success playing a precursor to "emo" during "grunge's" hey day. Despite having a great loyal fanbase who loved their catchy, whimsical and melodic style, after nine years and six albums to their credit pop poppins disbanded. With a good dose of humor, a bit of rock n' roll, and a shot of sweetness, Broose's latest effort, London Static, is a beacon of hope in a sea of similarity.
