Real soul music invasion-dor make bodies dance, minds escape, hearts believe, and audiences wanting more. whether these legendary soul sistas are singing in an intimate small caf or rockin thousands at a riverfront stage. 11 MP3 Songs URBAN/R&B: Soul, ROCK: Funk Rock Details: Descendants of Reality have been climbing to a pinnacle of success with a perseverance that has created a track record of breaking barriers and invading the world with infectious grooves. Proving as a force to be reckoned with, these vocalists have been honored with the Best Singer Award at a final round of Emergenza (an international battle of the bands contest), received international distribution through Tower Records online store, and as of January 2006, accepted the coveted Southern Entertainment Award for 2006 Indie-R&B Artist of the Year. Days later, they were selected to tape an interview and live band performance for the new upcoming show that will be aired on UPN (regional affiliate), Not Just Country. They have also sparked interest from music critics and DJs in Italy, The Netherlands, London, and Mexico. Descendants of Reality have been featured in numerous nationwide publications and were rated as some of Nashvilles top singers in the growing urban music market. According to All the Rage Magazine, Their funky, retro, urban style resonates in everything they wear and every song they sing. Whats most remarkable about the ladies is that they can s-a-n-g. They have been also shared their melodic abilities at events such as: the Ebony Magazine Black Family Reunion Tour, Music City Jazz Heritage Festival, Virginia Music Conference, Virginia Oya Exclusive Urban Poetry Slam, Nashville Black Caucus, TSU Think Tank, WEUP Black Arts Festival, and Love Noise. Descendants of Realities debut solo album, Reality: Necessary was recently released which purposefully enhances their blend of nu fusion, which includes a concoction of R&B, alternative, jazz, and hip-hop music. The first single from the album, Air 5.1 (So So Fresh) has already captured rotation in the play list of Nashvilles most prominent R&B station (92Q) and plans to

quantum leap into other mainstream, satellite, and college radio stations. Reality: Necessary is currently available via thecdparty.com. Descendants of Reality are currently looking forward to spreading their music on the growing list of performance dates on their 2006 Reality Ampd Tour. [Picture our sound being reminiscent of Jill Scott one day taking a melodic morning stroll with Ella Fitzgerald....during the afternoon they groove with hip hop feel of Queen Latifahand later on that night they take a stroll and rock with Alanis Morissette on Impromptu Energy Avenue!) ROLLER COASTER RIDE OF MUSIC, EXCITEMENT, AND ENERGY!]
