

## Mp3 Eclectic - Way Out There

[DOWNLOAD HERE](#)

The music promises to be cutting edge with a driving dance beat behind it. Listeners will find a realm of consciousness original, yet accessible sounds. Abstract instrumentals along with colorful and absurd arrangements of digital and analog sounds 10 MP3 Songs ELECTRONIC: Techno, HIP HOP/RAP: Alternative Hip Hop Details: Eclectic is made up of numerous individuals that play different instruments and roles in the band. Guitar, bass, vocals, hand drums, percussion along with drum machines and anything that can make a sound added with digital software interwoven help build obscure music that challenges the ear drum. Since Eclectic features many musicians, vocalist, producers. The versatility comes off stylist abstract with a touch of humor. Hip hop, house, techno, reggae, rock influences make for a genre that doesnt sound the same. The sequence of the sounds keeps you wanting to listen to more. Because you never know what your going to get. The pays off is energy heartbreak, triumph, love, political philosophy and pure absurdity. The sound was formed eight years ago by CliftonRenaldo and Will Bowman IV both are accomplished artists writers, poets and volunteers. Eclectic plans to explore and use experimentation to move the music forward locally and through the travel of members moving in and out of the family type atmosphere. The music is the bond with all members of Eclectic. The individuals authentic and eccentric way of building sounds to make one sound is exciting. Always look and see who Eclectic could be featuring on there CDs. Since were open to the idea that music is universal we hope to emerge from the underground seen and promise not to be boring USE YOUR INITIATIVE GIVE US A LISTEN!
