It features the spoken word of His Holiness set to original music by Kunga. LOVE WITH EYES and ALL THE BEINGS deliver a message in both words and music. They are selling in Europe, Asia and Australia and are reaching more and more people every day. People often ask how the tracks were made. They seem so fresh and cohesive entwining both words and music. Half the answer is that they are not really commercial in the normal sense. They were not contrived. The tracks really contain ordinary talk, but that talk is special, of course, because it came from an enlightened master. If anyone believes that it is not natural they should have been in the studio when we tried to correct some of the so-called 'mistakes'! That couldn't happen because there are no mistakes. It is a one-take affair, like jazz. Nothing can be repeated. After the talk is laid down, the seamless blending of the two forms is credited to Kunga who is one of those rare artists who is superbly technical. He plays Protocols like ringing a bell! LOVE WITH EYES and ALL THE BEINGS are available for sale from this website.
