Ambient Guitar: a mixture of ambient mood and earthy composition 9 MP3 Songs NEW AGE: Ambient, NEW AGE: New Age Details: My music is a mixture of ambient mood and earthy composition. Almost all you hear on my recordings is guitar. Although you'll hear a small bit of hand percussion and drum programming, the foundation of the music is a Klein electric/acoustic. The rest is left to an Ovation or Taylor acoustic. I do alot with live looping of the guitar with long delay lines (like Robert Fripp and Phil Keaggy). Also, various effects and filters are applied to the guitar sound. I hope to engage the listener from start to finish, but at the same time, leave enough open space for contemplation. Most importantly, I pray this music is a gift to others. PLEASE VISIT CDBABY.COM/JOHNERIC2 FOR MY NEW CD "HEAVEN AND EARTH"
