A collection of mellow piano to smooth jazz to mood music. 19 MP3 Songs EASY LISTENING: Mood Music, JAZZ: Smooth Jazz Details: Mark Schmidt, resides in Las Vegas Nevada, and has put together this solo project. It's very different from that of what he normally performs, which is Rock. Mark plays a variety of instruments, from bass, Keyboards to drums. He has performed in many different kinds of bands in the pass as a bass player and keyboardist. But this CD shows even more diversity of his talent. Mark may play his keys in a rock band but at home he uses his keyboards as a way to relax himself, a way of unwinding. He started recording the songs not really having in mind to put a CD together, but just to have for himself. He then began to share it with a few people and surprisingly to Mark it soon became desired by so many people he decided to put a CD together. Mark has poured his heart and soul into this music and this project really displays his passion. His wife Brenda Schmidt sings and performs on 2 of the songs "Take Me Away" and "Touch My Eyes". Mark wants this project to really set people into a relaxing mood. Sit back, relax and enjoy!
