

Pediatric Surgery And Urology

[DOWNLOAD HERE](#)

A critical evaluation of the practice of pediatric surgery and urology and long-term outcomes. This highly regarded textbook provides a unique clinical reference for all pediatric surgeons. This new edition analyzes and updates what is known about long-term outcomes in pediatric surgery and urology. The editors have succeeded in bringing together critical reviews written by leading international experts in pediatric surgery and urology. The second edition of this successful and popular textbook has been completely revised and updated with new chapters on urolithiasis, small bowel transplantation, pancreatitis, and breast disorders and a completely new section on trauma. An understanding of long-term outcomes is critical if individual surgeons and health policy makers are to achieve optimum results in current clinical practice. This is an essential reference source for pediatric surgeons and urologists, pediatricians, adult specialists, and others dealing with the sequelae of childhood surgical problems. EAN/ISBN : 9780511247675 Publisher(s): Cambridge University Press Format: ePub/PDF Author(s): Stringer, Mark D. - Oldham, Keith T. - Mouriquand, Pierre D. E.
