

Sister Species: Women, Animals, And Social Justice

[DOWNLOAD HERE](#)

Sister Species: Women, Animals, and Social Justice addresses interconnections between speciesism, sexism, racism, and homophobia, clarifying why social justice activists in the twenty-first century must challenge intersecting forms of oppression. This anthology presents bold personal narratives from 14 activists who have personally explored links of oppression between humans and animals, including such exploitative enterprises as cockfighting, factory farming, vivisection and the bushmeat trade. These essays remind readers that women have always been important to social justice and animal advocacy, and they urge each of us to recognize the links that continue to bind all oppressed individuals.
