Introducing... Dual Squeeze Pages No Graphics Editing Required Squeeze Pages are HOT!!! If you're not using a squeeze page on your website... you're missing out on a lot of money. We all know that list building is the key... and squeeze pages convert much better than a simple optin box... PERIOD! Now you can grab TWO professionally designed squeeze pages that I've built for the stupidest, laziest webmasters in the world to put to good use. No graphics editing at all... Two tweaks to your html and they're ready for your aWeber autoresponder to take over (and if you don't use aWeber, it'll take you about 5 minutes to tweak about 5 lines of html with your autoresponder code to have these babies functioning like a charm. The entire page (both pages) created so all you need to do is edit the text and you're ready to go!
