Time-travel Romance: When tourists Lucy and Maxine saw the sign, "Thistleburn, Experience the Medieval" they thought they'd find a welcome respite from a storm in the Scottish highlands. In the morning, more than the weather has changed. Still in Scotland, they find they've awoken 700 years earlier. Lucy and Max are immediately branded as witches and locked in a dungeon to await trial by the Laird of Thistleburn, Sir Evan Lyells. His return ends the first plot to burn them at the stake but makes a dangerous enemy of an English priest, Adair Beath. Lucy's ability to read (a talent previously reserved to Beath) and to speak foreign languages proves valuable to the brawny laird. Soon she is at his side regularly and a chemistry develops between them. That chemistry ignites during a raucous banquet, when Sir Evan reveals to Lucy the dark secret that has blackened his heart. For Lucy, the emptiness of her life in modern times has finally been filled but with a man in a century to which she can never belong. THE SPELLBOX captures the passion of Lucy and Sir Evan in a backdrop of violence, rebellion, and treachery that was Scotland seven centuries ago. Two resourceful women survive the challenge and adventure of this mysterious journey, and when only one returns to modern time, the story that links the

past, the present, and the future is complete. Author: Hamlett, Christina Publisher: Mundania Press LLC
