STYLE: RHYTHM&BLUES/HIPHOP AGE : 19 F/A : Marvin Gay, Barry White, Robert Kelly and Michael Jackson A.C. Monroe, born Allen Christopher Monroe has been recording and performing music at an early age. AC started out at the age of five singing in a small church choir in Hartford, Connecticut. It was there in that small church that he decided music and entertainment was where his true love lied. By the age of twelve, A.C. Monroe was not only singing in the choir but, was also arranging music, playing the drums and keyboard in the church band. In the summer of A.C.s thirteenth birthday, his mother uprooted the family and move to Atlanta, Georgia. Even though, A.C. relocated several hundred miles away from Hartford, Connecticut, his immense love for music was not affected by the move. He continued to pursue his dream of becoming a successful entertainer. It wasnt long after arriving in Atlanta that he purchased a keyboard and started writing and producing his own tracks. By the start of the school year, the new guy in town had a huge buzz. A.C. Monroe is no stranger to the stage as he has performed in many local talent shows in front of large audiences as well as impromptu auditions in front of record label representatives. Music has always played a big part in A.C.s life from singing in the church choir to writing, producing and performing; he is always willing to share his blessing with anyone who is willing to listen. A.C. Monroe is truly the future of the music and the entertainment business.
