Press Reviews Internet sites where you find anaya's music: News in internet: 1) world music genre - "Anaya confirms the power of Internet to promote artists": Anaya is a good example of the power of Internet in promoting an artist. Anaya used to disseminate her work as an independent artist in internet. Then one day she was discovered by the label Spinrecords from California that immediately offered her to sign up a contract, giving her now a respectable discography with 21 albums launched in the Usa (2000) and in Europe. 2) The music entitled "Tedeum" dedicated to the angels, to God and to the enlightened Being in ourselves is having so much acceptance by the public that the label Spinrecords decided to make an album entitled "Tedeum" which has been among the Top 10 of Spinrecords , mp3.com, Brazilian site, since April 2000. Review of Justin Garcia, musical editor of a recording co.(Usa): So, you had a bad day at work. There was an accident on the highway. It took you twice as long to get home in the rush hour commute. Ok, so you finally make it home, you plop down on your couch. Now what? What do you do to relax? If it's a Jack and coke, that's fine; whatever does the trick. But try something healthier. Listen to Anaya's CD, Tedeum. Close your eyes and get soothed by the new age style that permeates the six tracks. Escape the corporate world (this is a heavy CD to bring in the office) and much like the Star Trekkers, get beamed to another planet. You will be transported to resplendent

and rich fields of flowers. Your mind will feel at ease on an out-of this-world landscape. Babbling brooks will make you forget about the bills you have to pay and other mundane and petty tasks that sometimes overwhelm us. Anaya is a Brazilian artist and an intelligent one at that. She was a Fullbright scholar from Syracuse University. Her musical education began with piano at age eight, and then with guitar at age 13. Her many years of music composition, arrangement, and production work translate well into Tedeum. Oh yeah, this is a heavy soundtrack for Yoga also. Relax. Leave this world for a while. When you come back from the Anaya experience, you'll be more prepared to tackle life's challenges. 3) The songs "Beyond" and "Skies" that are movie themes and belong to the "Golden age collection" with 2 albums entitled "Beyond" and "Infinite melody" have been in the International Top hits in sites in France and in the Usa for several months. 4) Review by Senator Arhur da Tavola, musical editor that broadcasts a brazilian music program in the Radio Congress FM : " Anaya"s music is very pleasant to listen and has a heavy impact on the sensibility that overflows her inspirational kind of music.
