Acoustic singer-songwriter...female vocals 12 MP3 Songs FOLK: like Joni, FOLK: Modern Folk Details: New from Dogwood Moon: six songs...singer-songwriter style (say that six times in a row). Departing from the slick production of their prior release, Come Go, this homespun CD was recorded live with musicians spread out throughout their Los Angeles home. Songs were introduced in their backyard--campfire style--and recorded minutes later, capturing that in-the-moment vibe. Note: the look of this CD is stripped down--no artwork; no annoying plastic wrap--just a CD in it's case ready to pop into your stereo system
