acoustic alt folk/rock graffiti plastered on the walls of power...with keyboard harmonies, articulate acoustic guitars, and beautiful melodies trapped between a cocktails and machine gun world. 12 MP3 Songs

FOLK: Modern Folk, ROCK: Folk Rock Details: "Forrests Whitlow's new CD, Sunrise in Reverse, gives us music that warms the heart and words that set us shaking an angry fist. This is graffiti on the walls of power done in harmonies, articulate acoustic guitar and beautiful melodies. Here are images you won't forget, tunes you will sing to and an album you will keep in the player a long, long time. This CD demonstrates Whitlow's seasoned songwriting ability. There are Rock N Roll songs of lost love and violence. There are songs of wit and philosophy. And there is even a soothing song of hope. He has proven once again to be the master of alternative acoustic rock. Sunrise in Reverse shines."
