Deep beautiful vocal, stripped urban folk laced with addictive melodies and soft under-tones. 5 MP3 Songs FOLK: Modern Folk, FOLK: Urban Folk Details: "I'm going to wait until the moments right, because I can't be special every night" Psalm 151 Francis is currently drifting down a folk like river at night, looking up, waiting for the next shooting star. His new EP 'Only Abandoned' has captured the true soul of his voice thanks to the work of producer Caleb James. Each song will take you to a special place and you will be addicted after one listen. Originally from Melbourne, Francis's strong and emotive vocals color his jazz laden tunes with full heart and honest sounds. Now 28 years old, his songs are maturing into something special to anyone who stops to listen closely to his dynamic live performances. Often compared to Jeff Buckley, Francis has found his own voice with influences ranging from PJ Harvey, Vince Jones and the ultimate Irish band 'The Frames'.
